NO. OF UNITS  
Approximately 500

## DESCRIPTION OF PROJECT:

This project involves the re-development of land formerly used as the Civic Centre overlooking the River Medway and Rochester Castle.

The project comprising some 500 new dwellings enjoys extensive brick detailing and stonework to give an impressive landmark scheme.

## OUR INVOLVEMENT:

We provided detailed Bills of Quantities/Cost Plans for twelve high rise apartment blocks from very scant information with specification and designs assumed by ourselves which were used to explore feasibility of the scheme.
