DESCRIPTION OF PROJECT:

Major realignment of the A414 Eastwick Road and roundabout, including an extension into a new junction serving the first of seven new villages (10,000 new homes).

The work involves major infrastructure, drainage and bank stabilisation works.

OUR INVOLVEMENT:

We have worked with Places for People building detailed infrastructure cost plans for the intended work.

We are now commissioned to support them in tendering and the ongoing cost management of the construction phase works.
