DESCRIPTION OF PROJECT:

Typically of historical or heritage importance, we have been involved in works including the following:

Works to Tudor buildings directly linked to gunpowder production involved in the "Guy Fawkes" plot.

Works involved in buildings directly connected to Henry VIII's hunting lodge estate.

Various other heritage bridges and buildings, including historical structures and airfields linked to WWII.

OUR INVOLVEMENT:

Typically work involves scheduling and cost planning of heritage work and sympathetic adaption to ensure their long term use.

Cost Plan feasibilities to advise on options ranging from agriculture through light industrial use, residential, events space, community hub, retail and office space, through to micro-breweries and wineries.
